

Devices are Compatible with iOS 11

- iPhone 5S and later
- iPad Air, iPad Air 2, and 5th-gen iPad
- iPad Mini 2 and later
- 6th-gen iPod Touch

How to Update to iOS 11

Settings

Today - Shows new releases, the app of the day, game of the day, and more.

Games - Find new releases, view top free/paid games, and the editors choice. This is where the fun begins!

Apps - See new releases, top free/paid apps, and Apple's favorites. This is your one-stop shop for all non gaming apps!

Updates - Use this tab to update the apps installed on your iOS device. Tap "Update All" to update everything at once.

Search - You don't need to know the exact name of an app to find one. Don't be afraid to use general searches like "news" or "health" to find some fun or useful apps!

- You can purchase or rent music, movies, and TV shows on iTunes.
- Media that is purchased on iTunes is permanently attached to the Apple Account that was used to purchase the item.
- You can not trade in, resell, give the movies to someone else, or transfer them to another account.

- Listen to all the music stored locally on your phone. Music you've uploaded from a Mac, a PC, or music that you've downloaded from iTunes.
- If you have a subscription to Apple Music you can listen to it here. Everything available on Apple Music can be streamed or downloaded to your device for offline listening!
- Listen to radio stations like NPR anywhere you go.

- Messages Sync via iCloud Across Devices
- One Handed Keyboard
- Send Money with Apple Pay
- React to Messages
- Drawer
- o GIFS

Public Library · 200 ft

Directions

Address

124 W Green St Marshall, MI 49068 **United States**

- Keeps all your email accounts in one place
- Supports iCloud, Exchange, Google, Yahoo!, AOL, Outlook, and more!
- Intuitive and easy to use

Calendar

- Sync your calendars from multiple accounts on your iOS device.
- Supports iCloud, Exchange, Google, Yahoo!, AOL, Outlook, and more!
- Simple design making it easy to navigate and create events.

- Set your favorite contacts, display recent calls, dial a number in keypad, and access your voicemail here
- Supports visual voicemail, turning your voicemails into text for free
- An easy way to view, edit, and add contacts to your device

■ FaceTime

- Make video calls with your iPhone, iPad, iPod Touch, or Mac
- Must have an Apple device to send AND receive calls.

Other Pre-installed Apps

- Notes Capture a quick thought, create checklists, sketch ideas, and more. Notes can be uploaded to iCloud so they're backed up and accessible from all of your iOS devices.
- Podcasts Download and listen to your favorite Podcasts like TED Talks, Serial, and The Daily. Stream over 450,000 shows. Download while on Wi-Fi so you can listen when you have no internet connection.
- **Weather** Get weather forecasts for current or specific locations for now, hourly, or the next few days. Also shows sunset and sunrise times.
- Clock View the current time where you are or anywhere around the world. Set alarms, use a stopwatch, and set timers.
- **Files** Bring all your files together in one place. Find files stored locally or link it to one of your online storage accounts like Dropbox, Microsoft OneDrive, Adobe Creative Cloud, and more.
- Calculator Perform basic math functions on your iOS devices. Rotating your device turn it into a scientific calculator.

Other Pre-installed Apps

- Find My iPhone Locate your device or a family member's device on a map. Use another iOS device to have your device make a loud sound. Remotely erase your device. Requires set up before use.
- Find My Friend Share your location with your friends and family. Also see where they are. Both parties
 must agree to share their location.
- **Reminders** Use Reminders for projects, groceries, and anything else you want to keep track of. You can set when and/or where you want to be reminded. With iCloud, Reminders sync across all of your devices.
- **Wallet** Keep your credit, debit, and prepaid cards, store cards, boarding passes, movie tickets, and more in digital form so you can pay using your phone. Must set up Apple Pay first. Only available on iPhone.
- **iBooks** Apples eBooks store. Buy, read, and listen to digital books and audiobooks on your iPad, iPhone, iPod Touch, or Mac.
- GarageBand Record, edit, play, and share music you create on your device. Access to a large array of digital musical instruments you can use to play and create music with.

Other Pre-installed Apps

- **Watch** App used to sync your Apple Watch with your iOS device. Once synced, your Apple Watch can be used to make receive/take calls and texts.
- TV Where you'll find your iTunes purchases and connect your favorite streaming apps like Hulu and AMC so they're all in one place. You'll also find handpicked recommendations, live sports, and news.
- iMovie Apple's built in tool for creating movies. Use photos and videos to create and share your favorite moments. Add music, transitions, and more to create a personalized movie of your memories.
- **Tips** Built in app with how-to instructions ranging from basic phone functions to specific apps.
- O Home Control smart devices within this app. Smart switch, lights, thermostats, locks, doorbells, etc.
- News Collect the stories you want to read in one place. No more moving from app to app to stay informed. Choose the sources you want your news from and read it all right here.
- Support Need help? Find answers with articles tailored to your products and questions. Call, chat or email with an expert right away, or schedule a callback when it's convenient. Get a repair at an Apple Store or a nearby Apple Authorized Service Provider. Personal support for you specific apple products.

- Accessing the Search feature
 - Search for any setting
 - No need to navigate
