

★ Rock Star Reading Log ★

Welcome to 1,000 Books Before Kindergarten, an excellent tool to help prepare your little learner for kindergarten and beyond! Use this log to track your progress through the program. For every book you read, simply mark off a music note.

**Color it in, add a sticker, make an X—
it's totally up to you!**

For every 100 books you complete, you receive a **FREE book**. Return your completed log to the Help Desk to choose your prize. Pick up a new log of 100 and keep going. Remember, it's 1,000 books, not 1,000 titles. **If you read the same book multiple times, each reading counts as 1 book.**

Storytime books count as well!

If books are shared at a library program, make sure to record those on your log.

It takes less time than you think; if you read 1 book a night for 3 years you will have read 1,095 books.

If you read 2 books a day, you will reach over a 1,000 in less than 2 years.

When your little learner completes 1,000 books, they will receive a special certificate.
